

Freight Forwarding and Multimodal Transport

Overview

The seminar is designed to provide participants basic information on the Freight Forwarding industry. The topics include key terminologies, the role of a forwarder and services offered, standard rules and regulations, processes and scope of work. The seminar will take into account a bird's eye view of international transport documents, incoterms and the importance of freight forwarding in global trade.

Objectives

- To enable participants to be familiar and understand key concepts in the freight forwarding industry and process
- To transfer knowledge to participants on the role of a freight forwarder and the services provided
- To facilitate participants to learn about rules and regulations, transport documents and the vital role of a forwarder in import and export

Who Should Participate

- Import/Export supervisors and staff
- New personnel for import and export
- SMEs: import and export businesses
- Business owners: current and potential
